Biographical Data

Laurence Anthony is a Professor of Applied Linguistics in the Faculty of Science and Engineering at Waseda University, Japan. He holds a BSc in Mathematical Physics from the University of Manchester, UK, and an MA in TESL/TEFL and a PhD in Applied Linguistics from the University of Birmingham, UK. He is a founding member of the Center for English Language Education in Science and Engineering (CELESE) at Waseda University, which offers discipline-specific science communication courses to over 10,000 students.

In addition to his academic role, he is the CEO of AntLab Solutions, a start-up providing consulting, training, and bespoke software solutions for education and business, integrating advanced technologies such as machine learning, artificial intelligence (AI), and Big Data. AntLab Solutions serves a diverse client base, including individual researchers, small businesses, and international corporations.

Anthony's primary research interests include language data science, AI, corpus linguistics, educational technology, and English for Specific Purposes (ESP) program design and pedagogy. He is best known for his work on corpus software tools, including the development of AntConc, which earned him the National Prize of the Japan Association for English Corpus Studies (JAECS) in 2012.

Education

Degree	Institution	Dates
Ph.D. Applied Linguistics	University of Birmingham, Birmingham (UK) Thesis title: "A Machine Learning System for the Automatic Identification of Text Structure and Application to Research Article Abstracts in Computer Science"	Oct. 1999 - Dec. 2002
MA (Distinction) TEFL/TESL	University of Birmingham, Birmingham (UK) Thesis title: "Text Structure of Research Article Introductions in the Field of Computer Science"	Oct. 1994 - Jul. 1997
B.Sc. (Honours 2.1) Mathematical Physics	University of Manchester Institute of Science and Technology (UMIST), Manchester (UK)	Sept. 1988 - Jul. 1991

Employment history

Position	Institution	Year
Tenured Full-Professor	Center for English Language Education in Science and Engineering (CELESE), Faculty of Science and Engineering, Waseda University (Japan)	Apr. 2009 - present
Tenured Associate Professor	Center for English Language Education in Science and Engineering (CELESE), Faculty of Science and Engineering, Waseda University (Japan)	Apr. 2004 - Mar. 2009
Tenured Lecturer	Dept. of Information and Computer Engineering, Faculty of Engineering, Okayama University of Science (Japan)	Apr. 1996 - Mar. 2004
Tenured Lecturer	Okayama University of Science (Japan)	Apr. 1993 - Mar. 1996
Head Teacher	Keiyu English School (Japan)	Sep. 1991 - Mar. 1993
Laboratory Assistant (Part-time)	Magna Colours (UK)	Jul. 1987 - Sep. 1987
Laboratory Assistant (Part-time)	Magna Colours (UK)	Jul. 1986 - Sep. 1986

Main responsibilities

Position	Department	Year
Coordinator of Graduate School English	Center for English Language Education in Science and Engineering (CELESE)	Apr. 2007 - Mar. 2019; Apr. 2022 - Present
Full-Time Hiring Coordinator	Center for English Language Education in Science and Engineering (CELESE)	Apr. 2023 - Present
Part-time Faculty Liaison	Center for English Language Education in Science and Engineering (CELESE)	Apr. 2023 - Present
Coordinator of Technical Reading, Writing, and Presentation English Director	Center for English Language Education in Science and Engineering (CELESE)	Apr. 2004 - Mar. 2019; Apr. 2022 - Present
	Center for English Language Education in Science and Engineering (CELESE)	Apr. 2008 - Mar. 2011; Sept. 2019 - Sept. 2022
Program Coordinator	Center for English Language Education in Science and Engineering (CELESE)	Apr. 2005 - Mar. 2007; Apr. 2016 - Mar. 2018

Competitive grants

Grant Type	Description	Year
WASEDA University Grant for Special Research Projects (Kaken link): No. 2019R-033	Academic and Technical Writing Support Tool Framework for Data-Driven Vocabulary, Grammar, and Discourse-Level Instruction. Researcher: ANTHONY, Laurence. Amount: 500,000 yen.	2019-2020

Grant Type	Description	Year
Japan Society for Promotion of Science (JSPS) Grant-in-Aid for Scientific Research (B): No. 25284108	多言語パラレルコーパスに基づく DDL オープンプラットフォームの構築と教育への応用 (“Development and Application of a DDL Platform for Multi-Language Parallel Corpora”). Researchers: CHUJO, Kiyomi, ANTHONY, Laurence. Amount: 16,900,000 yen. Details in Japanese here	2013-2017
WASEDA University Grant for Special Research Projects: No. 2016K-184	プロトタイプテキスト検出ツール開発とテクニカルライティングへの応用 (“Development of a tool for detection of prototype texts and application in technical writing”). Researcher: ANTHONY, Laurence. Amount: 210,000 yen.	2016-2017
WASEDA University Grant for Special Research Projects: No. 2013A-6279	語彙レベル評価と自動簡素のためのソフトウェアツール開発 (“Development of a software tool for vocabulary level evaluation and automatic simplification”) Researcher: ANTHONY, Laurence. Amount: 270,000 yen. Details in Japanese here	2013-2014
Japan Society for Promotion of Science (JSPS) Grant-in-Aid for Scientific Research (C): No. 23501115	大規模な注釈つきコーパス分析のための直感的コーパスツール開発 (“Development of an Intuitive Corpus Tool for Analysis of Large-Scale, Fully-Annotated Corpora”). Researcher: ANTHONY, Laurence. Amount: 4,940,000 yen. Details in Japanese here	2011-2013
Japan Society for Promotion of Science (JSPS) Grant-in-Aid for Scientific Research (B): No. 21320107	パラレルコーパスによる多言語教育 DDL に向けて (“Towards a data-driven approach to language learning using a parallel corpus”). Researchers: CHUJO, Kiyomi, ANTHONY, Laurence, TANABE, Kazuko. Amount: 17,550,000 yen. Details in Japanese here	2009-2012
Japan Society for Promotion of Science (JSPS) Grant-in-Aid for Young Scientists (B): No. 18700658	テクニカルライティングにおけるコーパス言語分析ソフトウェアの開発 (“Development of a corpus linguistics analytical tool for use in technical writing”). Researcher: ANTHONY, Laurence. Amount: 1,600,000 yen. Details in Japanese here	2006-2007
Japan Society for Promotion of Science (JSPS) Grant-in-Aid for Young Scientists (B): No. 16700573	発見学習のための総合テキスト分析ソフトウェアシステムの開発 (“Development of a comprehensive textual analysis software system for discovery learning”). Researcher: ANTHONY, Laurence. Amount: 1,500,000 yen. Details in Japanese here	2004-2005
WASEDA University Grant for Special Research Projects: No. 2004B-861	学生用のコーパス分析ソフトウェアシステムの開発 (“Development of a student-centered corpus analysis software system”). Researcher: ANTHONY, Laurence. Amount: 370,000 yen. Details in Japanese here	2004-2005

Awards

Body	Description	Year
Waseda University	Waseda University 6th e-Teaching Award (早稲田大学第6回 e-Teaching Award) Awarded to: Laurence Anthony for effective uses of ICT in the teaching of doctoral student technical writing.	May 31, 2018
Japan Association for English Corpus Studies (JAECS)	National Prize of the Japan Association of English Corpus Studies (英語コーパス学会学会賞) Awarded to: Laurence Anthony for contributions to the field of corpus linguistics including the creation of AntConc and other software tools.	September 29, 2012
L'OREAL	L'OREAL Art and Science of Color Gold Prize Awarded to: Yoshihiro Kusano, Akira Doi, Minoru Fukuhara, Tatsuo Fujii, Jun Takada, Ryu Murakami, Laurence Anthony, Yasunori Ikeda and Mikio Takano.	October 2005

Advisory Roles

Date	Details
2025	Educational AI Advisor, Queensland State Government, Brisbane, Australia
2019-2020	Evaluation Committee of the University of Hong Kong, Centre for Applied English Studies (2019-2020)
2017-present	Hong Kong Metropolitan University (Formerly known as The Open University of Hong Kong). Advisor on the creation of learner corpus of written assignment in language and education studies
2015-2016	City University of Hong Kong Project on Data-driven Learning in Research Publication for PhD Students
2015-2016	National Research Foundation of South Africa (NRF)
2015	Social Sciences and Humanities Research Council of Canada (SSHRC)
2012	Ph.D. Dissertation External Examiner. Temple University.
2011	Evaluation Committee of the University of Tokyo ALESS Program (2011)
2010-2011	External personnel advisor to Tokyo University of Agriculture and Technology.
2010-2011	Main advisor to the ALC Press textbook series, "Gateway to the World of International Scientists" (In Japanese). Books included in series: Environmental Engineering (2010), Resources, Materials, and Energy Engineering (2010), Biotechnology (2010), Robotics (2010), Life Science (2011)
2008-2011	ALC Press (Japan). Technical consultant, distance learning course designer, and materials developer.
2006-present	Kose Corporation (Japan). Technical advisor.
2004-present	JIEM, Inc. (Japan). System for automatic scoring and correcting of English writing.
